

P O R T S M O U T H.

Last Wednesday died here, Mrs. MARY SHURTLEFF, Consort to the late Reverend Mr. WILLIAM SHURTLEFF of this Town.

Last Saturday Morning died of a Consumption, at Rochester, the Reverend Mr. AMOS MAIN, greatly lamented, who has been a worthy Pastor of the Church in that Place about Twenty eight Years.

We hear by Persons from the West Indies, That Capt. Bradford who was bound from London to Boston last Fall, was blown off the Coast, taken and carried into Martineco. That Capt. Sherrad was arrived at Barbados; and the Ship from Bristol, Capt. Sloper, bound to Boston was also taken.

The Person who stole Supdries out of a Gentleman's Garden in this Town, as mentioned in our last Paper, not having return'd one half of what she took, may depend upon being exposed, unless the remaining Part is returned, as she cannot think Restitution is made. Or come and settle it some other Way if that is out of her Power.
